Unilever Management Trainee Program

Management Trainee Program (each year starting from September) is an offer for ambitious 5th-year students and graduates who want to do the real business and develop their leadership and business skills. Participants of this program will begin the work from the cross-functional project which will last round 9 to 12 months. The best will continue the program on the managerial path for next two years.

We offer during your year

- Friendly and open-minded culture
- Intensive development focusing on your general and functional skills
- Exposure to challenging projects and business cases
- Chance to participate in the very intensive managerial development path
- Full time employment with flexible working hours

We require

- Maximum 12 months after graduation
- Mastered English language (spoken and written)
- "Unilever fit" person
- Proven business experience (gathered during internships and/or student projects)
- Customer/consumer orientation, goal orientation
- Enthusiasm, creative mind, open for changes

Selection process

- You can apply at <http://www.unilever.cz/kariera>
- 5 steps:

1. Online application
2. Online psychometrics tests
3. Telephone interview with our recruitment specialist
4. Case-studies
5. Interviews with senior management
